

- Will secure cylinders 4" to 9" diameter.
- Maximum safety chain or strap with zinc plated buckle.
- Good for temporary use.

- For special types of gases
- Working bench application.
- Ideal for hospitals and laboratories

Model **CB03** is manufactured of cast aluminum. Cylinder block comes with a 54 inches polypropylene web strap with a rugged buckle to secure cylinders from 4 to 14 inches in diameter. Recessed mounting holes are located in each end of the bracket for easy wall mounting. Installs on reinforced masonry walls or structural members with 2 anchor bolts. The **CB03** adds a secondary chair restraint to satisfy the most rigid storage requirements.

**SPECIFICATIONS:**

**Block Material:** Utility Aluminum

**Strap Material:** High Strength Nylon

**DIMENSIONS:**

**Block:** 8 1/4" x 4 3/4" x 2"

**Strap:** 54" long

**PART NUMBER: CB-03**
